

Peru Field Director's Update

The fields are ripe in Peru!

God is moving in Peru through the ministries of Kids Alive! We are watching as He orchestrates and provides for incredible growth and change, and our prayer is that many young lives will be redeemed as a result.

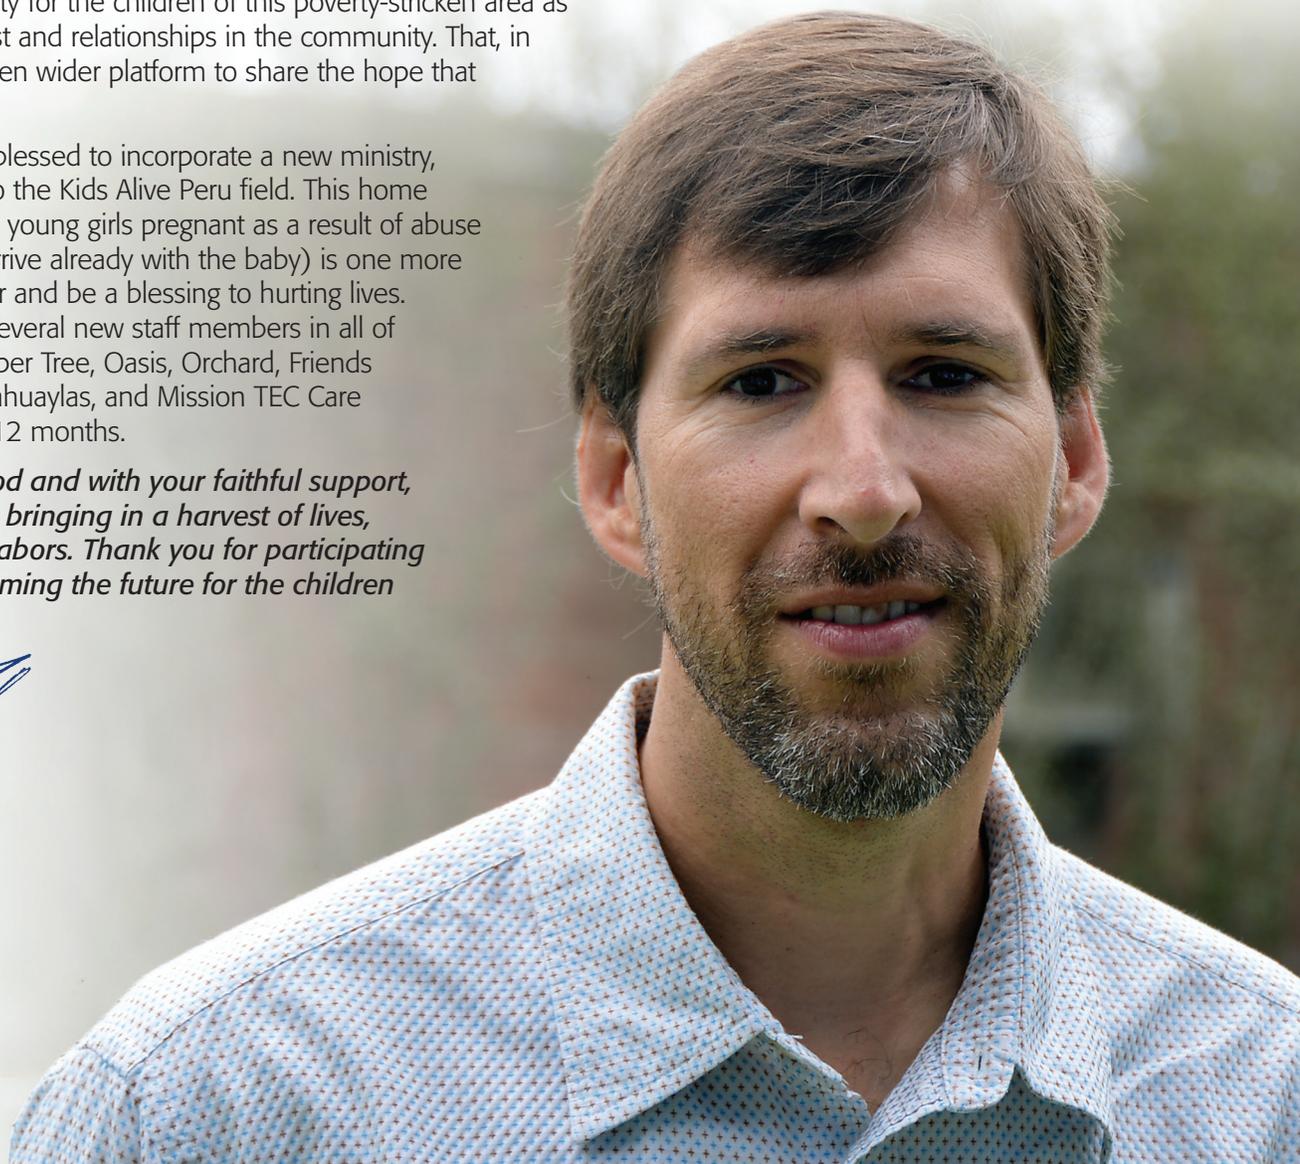

In the past twelve months, we've been increasing our capacity to care for orphans and homeless children. In Pucallpa, we saw the completion and opening of our second children's house at the Orchard, and the fourth house for children opened at Juniper Tree Children's Home in Lima. This means we can offer stable, family-style care for more children who have no other options and need the loving role models that Kids Alive can provide.

We also continue to seek out and develop avenues of ministry to families of the kids at Oasis Care Center in Manchay. This is one of the surest ways to build stability for the children of this poverty-stricken area as well as building trust and relationships in the community. That, in turn, gives us an even wider platform to share the hope that only Jesus gives!

This year we were blessed to incorporate a new ministry, House of Glory, into the Kids Alive Peru field. This home for teen moms and young girls pregnant as a result of abuse (sometimes they arrive already with the baby) is one more way we can care for and be a blessing to hurting lives. And we've added several new staff members in all of our ministries (Juniper Tree, Oasis, Orchard, Friends of Peru (FOP) Andahuaylas, and Mission TEC Care Center) in the last 12 months.

By the grace of God and with your faithful support, the field in Peru is bringing in a harvest of lives, the fruit of many labors. Thank you for participating with us in transforming the future for the children of Peru!
