

# Zambia Field Director's Update

## The fields are ripe in Zambia!

It's been another exciting year of ministry for Kids Alive Zambia, giving the most vulnerable children in this beautiful country hope for bright futures and leading them to know the God who loves them.

One of our focuses in the past year has been the completion of more children's homes. In partnership with Kottages4Kids, we have completed our third house at Chikondi Children's Village. These homes give children who have no other options a safe, loving, Christian atmosphere in which to grow up and move toward successful independent lives, and we're grateful to now offer this help to even more children.

Knowing that a quality education is the only reliable path to a bright future for at-risk children in Zambia, we have increased our efforts at Kids Alive Academy. We continue to recruit quality teachers and staff and improve the curriculum, ensuring that our students have every advantage we can provide them. And more of them are now attending college, so the foundation they are receiving is bearing fruit.

New missionaries on our field are already having an impact on the work here – moving projects forward, assisting in training for our staff, discipling children – each one contributing to the changes that give kids what they need for hopeful futures.

Your support for Kids Alive Zambia is making a vital impact for the kids we serve. Thank you for your investment in their lives, and for sending them the message that you believe in them!
